

COVID19 Policy and procedures

Dear Parents,

While we understand that this is an unknown time, we here at ACJMS would like to take some time to explain the changes that we have implemented in order to keep the children, families, staff safe and our whole community safe.

At drop off children and staff have their temperature checked at the door. ACJMS is currently not allowing any adults into the building. If a child or staff member have a temperature of **100.4** or more, they are being asked to go home and stay home for 72 hours after symptoms stop.

If you have more than one child at the school and one of them falls ill, we are asking that you pick up both children and keep them home for 72 hours after symptoms stop.

Symptoms include but are not limited to:

- * Fever 100.4 or more
- * Chills
- * Cough
- * Shortness of breath
- * Repeated shaking with chills
- * Loss of taste
- * Signs of a new illness that are unrelated to a preexisting condition.
- * Diarrhea (2 or more within 24 hours)
- * Nausea or vomiting
- * Fatigue that prevents participation in regular activities
